**CITY OF MANISTEE RESIDENTS
YARD WASTE COLLECTION**

The City of Manistee will begin its Yard Waste Collection Program on May 6, 2014.

City residents may put grass clippings, leaves, etc. in the City's biodegradable bags and place along the road edge. City crews will pick bags up every Tuesday beginning May 2, 2014. The City asks Residents to fill these bags no more than 3/4 full or 40 lb. limit. A dumpster will also be located at the City Garage for the disposal of yard waste bags seven days a week. This program will run through fall of 2014. The yard waste bags can be purchased Monday through Friday at City Hall, 70 Maple Street. Cost per pack of 10 is \$ 4.00. Biodegradable bags may also be purchased at Oleson Food Store, 160 Memorial Drive, Manistee.

Jeffrey W. Mikula
